From,

The Medical Practitioners Of Shimoga,

SHIMOGA

Dear Sir,

We the medical practitioners of Shimoga, beg to bring to your kind notice the grievences, in connection with the Municipal Registration Tax of Rs 30/- which has been we hear approved by Government in their notification

The Tax now thought to be imposed on us will count nothing short of a Poll Tax, as we are already paying a Professional Tax individually every year to the Municipality

Further the Excise Authorities are recovering in some shape or other the Excise Tax on tinctures and other things got by the supplying Chemists

Besides this we are compelled for Registration in the Medical Faculty by paying Rs 10/12/- which many of the Medical practitioners have done and have to do. Many are paying Income-Tax also if their income is more than Rs 200/- a month.

If this is the Tax to be imposed only to an allopathic Medical Practitioner, we can bring to your kind notice that even the Ayourvedic and other practitioners use most of the English ready made drugs in some form or other So the Government is not justified in specially imposing on us

Further in these days of trade depression when every business is slack, there must be proposals to cut down or minimise the existing tax to relieve the common mass and overcome the hard

PTO

hard times Instead of this we are surprised to see that we are taxed in ever so many shapes.

Under the circumstances the tax now demanded of us is not justified and as such we strongly protest against the present Tax proposed, and pray for Cancellation

(Send the Copy of Memorial to the President Chairman Municipality.

Yours faithfully,
